

SATA® Spring Promotion
from 01.04.2020

Spring Promotion

Your perfect companion

As of 01.04.2020 – while stocks last

During the promotion period, a SATA Weekender will be included with every new SATAjet X 5500.

Whether as a casual everyday companion, as hand luggage for your business trips or as a sports bag, it is a must-have: with the SATA Weekender you are perfectly geared for all occasions.

The SATA Weekender made of weathered-look canvas material with artificial leather details is designed in a modern vintage style and is a real eye-catcher in any situation!

The SATA Weekender is extremely sturdy and weather resistant and has plenty of room for your belongings while travelling. A patched outside pocket, a separate interior pocket and a small zippered compartment offer additional storage space. Thanks to the removable shoulder strap and the soft handles it can be worn as a shoulder bag or as a handle bag.

Starting from 01 April 2020, you will receive a SATA Weekender with every SATAjet X 5500 spray gun purchased (all technologies and versions) from all participating SATA dealers.
