

# OEM APPROVAL

## Glasurit refinish products approved by Hyundai

Glasurit has long been the paint system of choice for discriminating restoration and collision repair centers demanding the ultimate in quality and customer satisfaction. That's why nearly every leading car manufacturer in the world, including Hyundai, choose our world-class finishes to complete their visions. Backed by BASF, the world's largest chemical company, Glasurit provides leading-edge technologies and more OEM certifications than any refinish brand on the market. We offer best-in-class color matching, with color formulations for all major manufacturers, along with unparalleled service and support, ensuring that vehicles are refinished to pre-accident condition. For top-of-the-line beauty that lasts, customer satisfaction and bottom line-boosting performance, choose what the world's leading automotive manufacturers choose. Choose Glasurit.

Subject : Global Approval and Partnership with PPG & BASF

Date : March 26, 2007

Dear Sirs;

Taking this opportunity, we would like to express our appreciation on your keen cooperation for service operation.

As you know that we have introduced Body and Paint Shop Support Program, which will be increased the quality, efficiency and profitability, through previous service conference.

For this purpose, we are pleased to announce that PPG and BASF has been appointed globally approved refinish companies followed by Akzo Nobel to supply their full range of car refinishes products to all Hyundai Distributor and Dealers' Body and Paint Departments for the world wide service of Hyundai cars because they are a globally leading, experienced coatings manufacturer with proven technology, excellent services, subsidiaries and sales offices in all major countries.

Approved Company	Brand
Akzo Nobel	Sikkens and Lesonal
PPG	PPG GRS and NEXA Autocolor
BASF	Glasurit® and R-M®

We believe that you will find this union to be a beneficial resource for your business and look forward to a productive relationship for all of us.

And we are planning to have a chance for roll-out training on Body and Paint Shop operation and introduce whole training course of technical and non-technical area at each Hyundai OTC(Dubai, Miami, Malaysia and Germany) coming April or May.

Once again, thank you for your cooperation.

Sincerely,

**Y. S. Jung**
